In his words: “With I Know You Know, imagine glimmers of sun rays passing through the palm leaves during sunset when you’re with someone you love. The cold breeze of the ocean is coming and the light is about to be darkened by the night sky, but that doesn’t matter because you’re passionate about each other, and that keeps you warm.” “I Know You Know” will be out and available on all digital streaming platforms on August 27th 2021.
